PRODUCT SPECIFICATIONS

DURAMarker® GRIP are specially designed decals that apply direct with no over laminate to an infinite variety of surfaces including sealed and unsealed concrete, asphalt, brick, tile, terrazzo, marble, and vinyl flooring as well as brick, stucco, cinderblock and other exterior masonry wall surfaces.

Differentiators of DURAMarker® GRIP compared to vinyl media, stenciling, chalk and painting

- Rugged **aluminum foil material** naturally conforms to the texture of rough or smooth surfaces, appears as a painted graphic
- High friction surface provides **exceptional slip resistance** exceeding international anti-slip standards with no over laminate required
- The beads on the material surface are **reflective**, making the markers excellent for nighttime visibility
- Proven durability for short term and long term use that **withstands heavy pedestrian traffic** in hot, cold and wet weather environments for up to 1 year
- **Easy installation and removal** with a high performance pressure sensitive adhesive; sweep the surface, peel off the liner and apply to the desired surface
- **Pressure sensitive acrylic adhesive** backing provides superior holding strength and does not require professional installation
- Simple peel off removal with typically **no residue remaining** on surface
- Contains no PVC or hazardous ingredients and can be **disposed with aluminum recycling**

Physical Properties

Thickness:	
Film	16 mil.
Adhesive	2 mil.
Liner	5 mil.

DURAMarkers® - The world's most versatile and reliable line of pavement and sidewalk decals
